CURRENT

● **Junior associate of RENA**

RENA is a laboratory of civic initiative, an association of people who believe in the importance of working on the conditions that "shape society".

People who want a country open to experiment innovative policies, in which solutions to problems are formulated and managed in a more collaborative and transparent way, in which public and private actors feel responsible for their actions towards the community.

Openness, Responsibility, Transparency, Balance are the values of the RENA community, in order to make Italy a country of ART.
